EXPERIENCE

Solstice

UX Consultant
Jun 2016 – Present

Working with our development team, I designed and launched products in: IoT connected home, smart-search engine, finance apps, and conversational UX by implementing user-centered design process to balance business objectives and our user's experience.

CLIENTS

Discover Financials, Gordon Food Services, BMW, Corcoran, Jarden

MedMatch

UX Designer
Sep 2015 – Jan 2016

Improved overall site usability through heuristic evaluations and increased the user conversion rate for the online medical job matching platform by designing the user onboarding experience.

Guard Llama

Interaction Designer
Sep 2015 – Nov 2015

Redesigned the webpage and mobile application for GuardLlama. Facilitated UX methods to improve the user performance and implemented a cohesive branding for the product.

Designation Labs

UX / UI Designer
Apr 2015 – Oct 2015

Worked and studied as a full stack designer in a collaborative agile environment where I executed UX methodologies, UI designs, and front-end development. Delivered solutions to clients with UX research methods and UI design for both web and mobile platforms in high-fidelity prototypes and screen mockups.
